

Notes

The products may show small variations and imperfections due to the craftsmanship of the work of the material and make unique each piece. The brass and nikel finishings are intentionally natural and so are subject to variations and opacifications that give the object beauty and patina of time. If you wish to avoid these modifications, it is possible to ask us for a semishiny or matte varnishing.

The articles in the catalog are available in various sizes, for information on this, you can request technical data sheets by sending an email to ufficiotecnico@ilbronzetto.com

Each item could be personalized after feasibility check
